## **Dr. Hiral Tipirneni Announces Run for Congress in Arizona's 6th District**

*A Lifelong Problem Solver, Tipirneni Will Focus on Pragmatic Solutions to Make Health Care More Affordable and Fix Washington's Corrupt Political System*

Dr. Hiral Tipirneni kicked off her campaign today in Arizona's 6th Congressional District, pledging to bring her decades of experience as an emergency room doctor and cancer research advocate solving real-world problems to Washington's broken political system.

"Now, more than ever, with health care directly under attack yet again, we're facing the consequences of self-serving politicians who have gone to Washington and never looked back," Dr. Tipirneni said. "While our representatives are busy voting down party line and looking out for their special interest donors, families here in Arizona are struggling with the skyrocketing cost of health care and education. I love this community, and I'm running for Congress because we need someone who will start putting people over partisanship."

Hiral has dedicated her career to improving health care in her community, first as an emergency room physician serving the Phoenix area. After losing her mother and nephew to cancer, Hiral directed her passion and problem-solving skills to evaluating and directing funding for cutting-edge cancer research. She now leads teams of researchers, clinicians, and patient advocates in the fight to treat and cure breast cancer, prostate cancer, and childhood leukemia.

"When I became a doctor, I took an oath to always put my patients first and I've held true to that promise for the last 20 years. My work has never been about partisanship, it's about solving problems and improving lives with implementable solutions— no matter what someone's party registration is. That's what I did in the emergency room and that's what I will do in Congress," Hiral pledged.

"It's time we had a representative who cares more about our community than about themselves, their party, and their special interests," said Hiral. "I'll work with anyone to get things done for Arizona. It's time for a change."

Hiral and her family immigrated to this country to pursue the American dream. She and her husband Dr. Kishore Tipirneni, chose to build their life in the Valley, where they have lived for more than two decades and raised their three children.

Arizona's 6th Congressional District is currently represented by Congressman Dave Schweikert, who is [under investigation](#) over allegations that he misspent official funds and received illegal campaign contributions. The 6th District sits in Maricopa County and includes parts of Phoenix and its suburbs of Scottsdale, Paradise Valley, Cave Creek and Fountain Hills.
