Prominent Senior Organizations Rally Behind Dr. Hiral Tipirneni

The organizations protect earned benefits for millions of retirees across the nation

PHOENIX, AZ - The National Committee to Preserve Social Security & Medicare and Social Security Works have both endorsed Dr. Hiral Tipirneni to represent Arizona's 6th Congressional District. The NCPSSM is the nation's leading advocacy group that fights to protect Social Security and Medicare. Social Security Works was created in 2017 to elect leaders who commit to safeguarding Social Security, protecting Medicare, expanding Medicaid eligibility, and lowering prescription drug prices.

"There are many good reasons why Arizona voters need to elect Dr. Tipirneni to Congress, but I am going to focus on two: Social Security and Medicare. These vital programs, your programs that you've paid into and deserve, are at risk, and Hiral knows how important it is to protect them," said Max Richtman, President and CEO of the National Committee to Preserve Social Security & Medicare.

"Dr. Tipirneni is going to arrive in Washington ready to fight so that every American has the ability to retire with dignity rather than the fear of falling into poverty. I trust that she'll work tirelessly on behalf of seniors to ensure that their earned Social Security benefits are protected for years to come," said Jon "Bowzer" Bauman, President of Social Security Works.

"I am deeply grateful to NCPSSM and Social Security Works for their endorsements. In Congress, I will fight to protect Social Security benefits, lower the cost of prescription drugs, and ensure that all Americans, especially our vulnerable populations, have access to quality, affordable health care," said Dr. Tipirneni. **"Tens of thousands of seniors and retirees call our**

district home, and I will work tirelessly on their behalf to ensure that their earned benefits are protected. ”
